Exemplar and Aquila PM work together

September 2008

Exemplar Projects are delighted to announce their involvement in the formation of a collaborative building consultancy organisation, Aquila PM, who aim to provide a wide range of consultancy disciplines into the property and construction sectors. "Aquila brings together a number of smaller consultancy organisations that will enable a wider range of services to be offered to our customers should the need arise.

Exemplar will continue to be the primary business focus and will continue to provide first class project management services to its Clients but it is nice to have a formal arrangement with other like minded professional organisations who will allow us to deliver a wider range of skills", commented Malcolm Ward
